Dear General,

I am writing you to express my concern with the case of **Justine Masika Bihamba** and her family.

I demand immediate thorough and fair investigation of the attack on family of Justine Masika Bihamba, including the sexual assault and attempt to rape her daughter. I also ask for immediate trial for the offenders.

Furthermore, I require immediate state protection for human rights defender and activist, Justine Masika Bihambu, and her family, against constant harassment, which they have to face every day.

Yours sincerely,
