

# BEATEN, SUFFOCATED AND RAPED UNTIL SHE CONFESSED

**YECENIA ARMENTA MEXICO**

In July 2012, Yecenia Armenta was taken into police custody and brutally tortured into confessing to the murder of her husband. Her attackers beat her for hours, raped her and threatened to kill her children until she could take no more. In spite of independent medical evidence that torture took place, the “confession” was used to charge Yecenia with no proof at all.

**Call on the Mexican authorities to drop the charges against Yecenia, release her immediately and bring her torturers to justice.**
